Meezan Shaikh

AI & Data Science Student @DRISHTI CPS, IIT Indore | Full Stack MERN Developer | Generative AI | Real-Time Systems | Node.js | React.js | AI-Powered Applications
Greater Nashik Area

Summary

Hi, I'm Meezan Shaikh, an AI & Data Science student at DRISHTI CPS, IIT Indore with a strong interest in Artificial Intelligence, Machine Learning, Generative AI, and intelligent systems engineering. I'm focused on building practical AI-powered applications and continuously improving my knowledge in Machine Learning, Data Engineering, AI workflows, and scalable system design. Alongside my AI learning journey, I use Full Stack MERN development to build and deploy real-world applications integrating AI capabilities, real-time communication, and backend infrastructure. My recent projects include AI-powered collaborative platforms, intelligent chatbot systems, real-time applications, and AI-integrated developer tools using technologies such as React.js, Node.js, MongoDB, WebSockets, Docker, and Gemini API integration. Currently, I'm exploring AI agents, Generative AI systems, modern AI application architecture, and data-driven engineering while working toward becoming a skilled AI Engineer and Data Science professional.

Experience

Extech Digital

MERN-Stack Web Development Intern

May 2025 - July 2025 (3 months)

Successfully completed a 3-month industrial internship in Full Stack Web Development.

- Worked on both front-end (HTML, CSS, JavaScript, React.js) and back-end (Node.js, Express.js, MongoDB).
- Gained hands-on experience in building responsive and dynamic web applications.
- Implemented CRUD operations, RESTful APIs, and user authentication.
- Collaborated in a team environment using Git & GitHub for version control.

Education

YEWS National Senior College - Nashik

Bachelor of Business Administration, Computer application (BBA-CA) · (June 2023 - May 2026)
