SUMMARY

Analytical Data Analyst with hands-on experience in SQL, Excel, Power BI, and Python. Skilled in data cleaning, transformation, exploratory data analysis, and dashboard development. Developed real-world analytics projects and maintained a GitHub portfolio, leveraging AI-assisted tools to deliver actionable insights.

SKILLS

- Data Analysis
- Data Visualization
- Exploratory Analysis
- Data Cleaning
- Data Wrangling
- Data Auditing
- Data Transformation
- SQL
- SQL Querying
- Python
- Microsoft Excel
- Power BI
- Report Generation
- Data insights
- Analytics Reporting
- Problem Solving

EXPERIENCE

DATA ANALYTICS TRAINEE, 03/2025 - 08/2026

DRISHTI CPS, IIT Indore, Remote, IN

- Wrote complex SQL queries with JOINS, aggregate functions, GROUP BY, and subqueries to enhance data extraction and analysis.
- Performed exploratory data analysis (EDA) to uncover patterns and trends, delivering actionable insights for decision-making.
- Cleaned, transformed, and validated raw data to ensure accuracy and consistency for reliable decision-making.
- Cleaned, transformed, and validated raw data, ensuring accuracy and consistency for reliable analysis.
- Developed interactive dashboards and reports to visualize key performance indicators and facilitate data-driven decisions.

DATA ANALYTICS VIRTUAL EXPERIENCE PROGRAM, 06/2026 - 07/2026

Deloitte Australia (Forage), Remote, Australia

- Interpreted datasets to identify trends influencing strategic decisions.
- Performed data analysis and forensic technology tasks to address realistic business scenarios.
- Analyzed data and communicated insights to stakeholders, facilitating informed decision-making.
- Practiced analytical thinking and communicated insights to stakeholders for informed decision-making.

- Enhanced data-driven problem-solving skills through targeted practical simulations.

EDUCATION AND TRAINING

YEWS National Senior College Nashik, Nashik, Maharashtra, India, 05/2026

BBA: Computer Applications (BBA-CA)

- Database Management Systems (DBMS), Computer Networking, Programming Fundamentals, Web Development (HTML, CSS, JavaScript), Object-Oriented Programming, Software Engineering, Operating Systems, Data Structures, and Business Applications. Completed academic projects that strengthened analytical thinking, database management, and problem-solving skills.

DRISHTI CPS, IIT Indore, Indore, Madhya Pradesh, India, 03/2025

Certification Program: Artificial Intelligence & Data Science

- Data Analytics, SQL, Python, Microsoft Excel, Power BI, Statistics, Data Visualization, Database Management Systems (DBMS), Data Cleaning & Transformation, Exploratory Data Analysis (EDA), Business Intelligence Fundamentals, Machine Learning Basics, and Git & GitHub. Completed hands-on analytics projects and developed interactive dashboards using real-world datasets.
